DESCRIPTION AND PURPOSE

ON Semiconductor is announcing the end of life of MFP(SO EIAJ T2) Sticky paper tape and reel products(L1/L2/R1/R2). ON Semiconductor has undergone a review which has led to the closure of certain non strategic business. With some difficulty the decision was taken to end production of sticky paper tape and reel products. Due to unification of the tape and reel products, we will be providing emboss tape and reel products as replacement. The emboss tape and reel products have higher quality and reliability. The unique problem with stickiness will be exterminated by this replacement.

Please contact your ON Semiconductor sales and marketing representative for further detailed information.
