

DESIGN/PROCESS CHANGE NOTIFICATION

This is to inform you that a change is being made to the following products.

This is a minor change that has no impact on product quality, reliability, electrical or mechanical performance. Affected products will remain fully compliant to all published specifications. Notification is being made for informational purposes only and there is no approval required. Products incorporating this change may be shipped interchangeably with existing unchanged products.

Please contact your local Customer Quality Engineer if you have any questions regarding this notification. Alternatively, you may send an email request for information to PCNSupport@fairchildsemi.com.

Implementation of change:

Expected First Shipment Date for Changed Product : May. 15, 2014

Expected First Date Code of Changed Product : 1420

Description of Change (From) :
Current product using Bare Cu Singulated clip.

Description of Change (To) :
Selected product change to Bare Cu Reeled clip.

Reason for Change:

This is to standardize Clip Attach Process from Bare Cu Singulated Clip to Reeled Clip. The reeled clip is a fully qualified material used on existing products. In addition, this will simplify process flow with minor dimension change with dambar cut protrusion at non-functional area.

Affected Product(s): Please refer to the list of affected products in the addendum attached in the PCN email you received. This list is based on an analysis of your company's procurement history.
