NOTIFICATION TYPE:

Initial Product/Process Change Notification (IPCN)

First change notification sent to customers. IPCNs are issued at least 120 days prior to implementation of the change. An IPCN is advance notification about an upcoming change and contains general information regarding the change details and devices affected. It also contains the preliminary reliability qualification plan.

The completed qualification and characterization data will be included in the Final Product/Process Change Notification (FPCN).

This IPCN notification will be followed by a Final Product/Process Change Notification (FPCN) at least 90 days prior to implementation of the change.

DESCRIPTION AND PURPOSE:

Current leadframe supplier (LGIC) to ATP1 will cease leadframe support for specific devices. Alternate leadframe supplier (PEH, Possehl Electronics) is to be qualified to replace leadframe supply from LGIC.

Same leadframe part number will be used and no change to the leadframe outline and dimension.

QUALIFICATION PLAN:

Estimated Date for Qualification Completion: 01/30/2014

Samples should be available after completion of Qualification.
