Description and Purpose: On Semiconductor acquired Fairchild Semiconductor on September 19th, 2016. As part of the integration of Fairchild Semiconductor into ON Semiconductor, it is necessary to change the Orderable Part Numbers of the Evaluation Boards/Kits to meet ON Semiconductor's systems orderable part nomenclature. The new ON Semiconductor part number for Evaluation Boards/Kits will retain much of the original Fairchild part number and will appear very similar. A suffix (G)EVB, (G)EVK was added to the original part number. This change will be effective at system integration, which is currently scheduled for Monday, October 30th, 2017. Until that time, customers must continue to order the current part number as they do today, through the Fairchild ordering system. More information regarding the October 30th 2017 system integration will be provided to customers beginning in July, 2017. If customers have questions regarding the system integration please email the questions to Fairchild_questions@onsemi.com
