

DESIGN/PROCESS CHANGE NOTIFICATION

This is to inform you that a change is being made to the following products.

This is a minor change that has no impact on product quality, reliability, electrical or mechanical performance. Affected products will remain fully compliant to all published specifications. Notification is being made for informational purposes only and there is no approval required. Products incorporating this change may be shipped interchangeably with existing unchanged products.

Please contact your local Customer Quality Engineer if you have any questions regarding this notification. Alternatively, you may send an email request for information to PCNSupport@fairchildsemi.com.

Implementation of change:

Expected First Shipment Date for Changed Product : Feb. 01, 2013

Expected First Date Code of Changed Product : 1301

Last Date for Shipment of Unchanged Product : Feb. 01, 2013

Description of Change (From) :

Two marking bands on glass body for SOD80 products: one band is the cathode line, the other is a colored band for type identification

Description of Change (To) :

One black marking band on glass body located on cathode side

Reason for Change:

To improve efficiency of TMP machines
