<b>Last Time Buy Date:</b>	15 Apr 2021
<b>Last Ship Date:</b>	29 Jan 2022
<b>Contact information:</b>	Contact your local ON Semiconductor Sales Office or Customer Service Representative.

### Description and Purpose:

This notification is a follow-up to Product Discontinuance Notice PD23762Z issued on products sourced from our fab in Belgium. Due to market conditions exceeding previous performance and forecast, it has become necessary to tighten our understanding of our customer lifetime needs and request that you pursue order placement for all affected products by April 15, 2021. This acceleration is to insure that we have ample time to agree on and build requested volumes. It will also allow more certainty in our forecasts when collaborating with potential buyers for this fab. A full list of product discontinuances and corresponding products are listed below.

ON Semiconductor has provided a list of replacement devices, where available, to aid in this process.

PLEASE NOTE: ON Semiconductor may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices under this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.
