

BOSCH  AUTOMOTIVE	PTN Basis Data Sheet	AE/PUR-E3
---	-----------------------------	------------------

V: 1.0 (01.01.2009), Responsible AE/PUR-E3

Identification of the PTN

Suppliers company name	ON Semiconductor
Subject (PTN short name)	Product Termination for Bosch AE qualified devices for Axial products.
Supplier's PTN identification number	16445
Date of issue	24-May-2011

Supplier's contact person for this PTN

Name	Jaromir Ftorek
Phone number	+421 33 790 2475
email address	jaromir.ftorek@onsemi.com

Product – Termination

Reasons for product termination (detailed explanation)	Assembly will be transferred from Liteon to Goodark Electronics Co. Ltd in Suzhou, China. Axial products from Goodark Electronics Co are not AEC-Q10x qualified.
Deadlines according to joint agreement	☒ yes ☐ no
Alternative products available	☒ yes -> specify ☐ no
Specification of alternative products	Standard ON Semiconductor part numbers but without automotive qualification status according to AEC-Q1xx standards and without dedicated Automotive core sites and automotive change management.
Additional comments	Devices can be purchased as standard commercial parts under JEDEC qualification requirements (without extra protection against changes, not AEC-Q1xx), and open site control. Changes are introduced 3 months after Final PCN issue date.

PTN deadlines

Last time buy (LTB)	24-May-2012
Last shipment date (LSD)	24-Aug-2012

Remarks:

Please attach in E-Mail official document of discontinuation
All PTNs to be sent to the Email address: supplier.PTN@de.bosch.com
This basic information is precondition to start PTN activities at Bosch
The PTN Basis Data Sheet is required as Excel file

Product – part numbers

All affected Bosch part numbers must be listed by supplier, including the Bosch plants that have procured the affected part-numbers within product lifetime. Do not use spaces or dots within Bosch part numbers.
