DESCRIPTION AND PURPOSE:

ON Semiconductor is committed to providing our customers with products that are compliant with environmental regulations. It is our primary objective to assist our customers with a smooth transition as our products are converted to lead free (Pb-free) termination finishes.

In order to minimize the confusion regarding discontinuance notices for products ON is exiting, versus the standard conversion of leaded (Pb) parts to lead free (Pb free or G suffix) parts, ON semiconductor will be issuing distinct quarterly EOL notices for Pb to Pb free conversions in addition to the quarterly EOLs for device termination.

All of the devices contained on this notice are being converted to a Pb free version. All Pb free parts contain a G suffix and are RoHS compliant.

ON Semiconductor wishes to promptly inform our customers of our intent to discontinue the leaded version of these devices so that you may plan appropriately and effectively for ordering the drop in Pb free replacement devices.
