

PCN# : P61EAAB
Issue Date : Feb. 01, 2016

Information Only Notification

This is to inform you that a change is being made to the following products.

This is a minor change that has no impact on product quality, reliability, electrical or mechanical performance. Affected products will remain fully compliant to all published specifications. Notification is being made for informational purposes only and there is no approval required. Products incorporating this change may be shipped interchangeably with existing unchanged products on or after the issue date of this notification.

Please contact your local Customer Quality Engineer if you have any questions regarding this notification.

Implementation of change:

Description of Change (From) :

Absolute Maximum Ratings, $I_F(AV)$ (Average Rectified Forward Current) parameter states "Rating for each diode $I_F(AV)/2$ " and is 20A (page 1)

Description of Change (To) :

Absolute Maximum Ratings, $I_F(AV)$ (Average Rectified Forward Current) removes the comment "Rating for each diode $I_F(AV)/2$ " and add comment "(per diode)", and $I_F(AV)$ is corrected to 10A rating for each diode. (page 1)

Reason for Change:

This is a Datasheet change only.

Updating the rating for $I_F(AV)$ parameter, to clarify that it is 10A per diode specifically.

Affected Product(s):
