Change Category	
Category	Type of Change
Process - Wafer Production	Move of all or part of wafer fab to a different location/site/subcontractor, New wafer diameter
Equipment	Production from a new equipment/tool which uses the same basic technology (replacement equipment or extension of existing equipment pool) without change of process.
Process - Assembly	Change of product marking
Description and Purpose:	
After the announcement on February 03rd, 2020 of the sale of Fab2, onsemi pursues the transfer of relevant products.	
Before Last Order Date above: customers must provide Last-Time-Buy volume for products that will be transferred to manufacture the bridge-build quantity in the current facility (fab2) before the selling.	
After the last order date above: the orders will be placed on the new part number (replacement part) or on the receiving fab (products with the same part number).	
Last Delivery Date above: subject to a commercial agreement, onsemi may extend the deliveries outside the 06 months windows which is the proposed date of implementation in compliance to J-STD-46 or ZVEI, or earlier upon customer approval, or per our signed agreements but after depletion of inventory of the current material.	

However, such extended delivery conditions could be subject to an extension of the date code currently at 12 months. IPCN23658Z distributed November 2020.
