Thank you for your interest in **onsemi** products.

Your technical document begins on the following pages.

Your Feedback is Important to Us!

Please take a moment to participate in our short survey. At **onsemi**, we are dedicated to delivering technical content that best meets your needs.

Help Us Improve - Take the Survey

This survey is intended to collect your feedback, capture any issues you may encounter, and to provide improvements you would like to suggest.

We look forward to your feedback.

To learn more about **onsemi**, please visit our website at <u>www.onsemi.com</u>

onsemi and ONSEMI. and other names, marks, and brands are registered and/or common law trademarks of Semiconductor Components Industries, LLC dba "onsemi" or its affiliates and/or subsidiaries in the United States and/or other countries. onsemi owns the rights to a number of patents, trademarks, copyrights, trade secrets, and other intellectual property. A listing of onsemi product/patent coverage may be accessed at www.onsemi.com/site/pdf/Patent-Marking.pdf. onsemi reserves the right to make changes at any time to any products or information herein, without or suitability of its products for any particular purpose, nor does onsemi assume any liability arising out of the application or use of any product or circuit, and specifically disclaims any and all liability, including without limitation special, consequential or incidental damages. Buyer is responsible for its products and applications using onsemi products, including compliance with all laws, regulations and safety requirements or standards, regardless of any support or applications information provided by onsemi. "Typical" parameters which may be provided in onsemi data sheets and/or specifications can and do vary in different applications and actual performance may vary over time. All opreating parameters, including "Typicals" must be validated for each customer application in the human body. Should Buyer purchase or use onsemi products for any such unintended or unauthorized application, Buyer shall indemnify and hold onsemi and its officers, employees, subsidiaries, affiliates, and distributors harmless against all claims, costs, damages, and ereasnable attorney fees arising out of, directly or indirectly, any claim of personal injury or death Action Employer. This literature is subject to all applicatione claimed as not for resale in any manner. Other names and brands may be claimed as the property of others.

onsemi

Zener Diodes 1N5221B - 1N5252B

ABSOLUTE MAXIMUM RATINGS (Note 1)

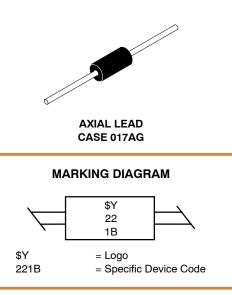

Values are at $T_A = 25^{\circ}C$ unless otherwise noted.

Symbol	Parameter	Value	Unit
PD	Power Dissipation	500	mW
	Derate above 50°C	4.0	mW/°C
T _{STG}	Storage Temperature Range	-65 to +200	°C
ТJ	Operating Junction Temperature Range	-65 to +200	°C
	Lead Temperature (1/16 inch from case for 10s	+230	°C

Stresses exceeding those listed in the Maximum Ratings table may damage the device. If any of these limits are exceeded, device functionality should not be assumed, damage may occur and reliability may be affected.

1. These ratings are limiting values above which the serviceability of any semiconductor device may be impaired.

Non-recurrent square wave Pulse Width = 8.3 ms, $T_A = 50^{\circ}C$.

ORDERING INFORMATION

See detailed ordering and shipping information on page 3 of this data sheet.

1N5221B - 1N5252B

ELECTRICAL CHARACTERISTICS Values are at $T_A = 25^{\circ}C$ unless otherwise noted.
